EDUCATION

University of Washington Seattle, Washington
Bachelor of Design, Industrial Design | 2015–2019

EXPERIENCE

Tactile Inc. Industrial Design Intern
Seattle, WA | June–September 2019

I was brought in to Tactile as an intern, but tackled tasks that a junior designer would be given on projects for Disney, Waterpik, and Seno Medical such as concept generation (sketching + CAD), research and ergonomics/prototype testing, renders for clients and final deliverables, leading on CMF design and sourcing for manufacturing, and alpha phase development.

Freelance Industrial Designer Multiple Clients
San Francisco, CA | December 2020–Present

Clients: Curaleaf, Select, Tactile, Perlisten Audio, Arendal Sound, Everlab LLC, Mission Accessories. I am sole industrial designer at the largest cannabis company in the world—Curaleaf—designing new consumer/med tech for the cannabis industry. This I've been doing alongside work for audio companies like Perlisten, a speaker start-up launching 22+ products within the year.

Industrial Alchemy Industrial Design Intern
North Bend, WA | February 2019–June 2019

Studio assistance with the creation of soft good prototypes, concepts, and tech packs for clients such as Eddie Bauer, Vertx, Stanley, and the U.S. Army.

US Dept. of Veterans Affairs Junior Industrial Designer
Seattle, WA | May 2019–September 2019

Recruited by the Chair of Industrial Design at UW to work under him on a medical product for the VA. Research & concept iteration.

UW School of Medicine Research Industrial Designer
Seattle, WA | June 2018–June 2019

Sole designer for a reinvented product by a professor at University of Washington, School of Medicine. My year of work entailed designing, 3D printing, engineering, and delivering a final working prototype all while doing my studies at UW.

Ceramiche Rometti Industrial Design Intern
Umbria, Italy | July–August 2018

Designing ceramics for ceramic company in Umbria, Italy as the result of winning an international competition.
